

Tensabarrier[®] 889P Wide Belt

Part of the world's first and largest range of retractable belt barriers

A world's first! Traditional retracting belt barriers feature a 2" wide belt, the 889P is the first available with a 6" wide belt. The wide belt creates a better physical barrier and is more visible than traditional 2" belts. The larger surface area enables corporate logos, advertising or safety/caution messages to be printed in extra bold type making the message standout.
